

CORPORATE GOVERNANCE POLICIES

BOARD CHARTER

PART A – DEFINING GOVERNANCE ROLES

1. ROLE OF THE BOARD

1.1 Function

The Board of Directors of Burey Gold Limited (“Burey” or “Company”) has approved the following charter formalising the functions and responsibilities of the Board (Board Charter). The Board is ultimately responsible for all matters relating to the running of the Company.

The Board’s role is to govern the Company rather than to manage it. In governing the Company, the Directors must act in the best interests of the Company as a whole. It is the role of senior management to manage the Company in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties.

The Board has the final responsibility for the successful operations of the Company. In general, it is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Company. It is required to do all things that may be necessary to be done in order to carry out the objectives of the Company. In carrying out its governance role, the main task of the Board is to drive the performance of the Company. The Board must also ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body.

1.2 Objective

The objective of the Board is to acquire, develop and operate profitable resource projects to create sustainable value for shareholders.

1.3 Responsibilities

The Board is responsible for:

Establishing Vision, Mission and Values

- Determining the vision and objectives of the company;
- Overseeing and fostering an appropriate culture for the Company that is directly aligned to its values, strategies and objectives;
- Reviewing and approving the Company's financial position, systems of risk management and internal compliance and control, codes of conduct and legal compliance;
- Identifying all areas where written board policy is required, detailing the policies, and overseeing the implementation and monitoring of compliance, including policies in relation to trading of the Company's securities, occupational health and safety, environmental policy, code of conduct, related party transactions;

- Formulating short term and long term strategies to enable the Company to achieve its objectives, and ensuring adequate resources are available to meet strategic objectives;
- Approving and monitoring the progress of major capital expenditure, capital management and acquisitions and divestments;
- Approving the annual operating and capital budgets, and ensuring these are aligned with the Company's strategic objectives

- Ratifying the appointment, and where appropriate, the removal of the MD (if applicable) and the Company Secretary;
- Evaluating the performance of the executive directors and the Senior Management Team and determining their remuneration;
- Delegating appropriate powers to the executive directors and senior management to ensure the effective day-to-day management of the business and monitoring the exercise of these powers;
- Ensuring that policies and procedures are in place consistent with the Company's objectives, and that the Company and its officers act legally, ethically and responsibly in all matters.
- Ensuring corporate accountability to the shareholders primarily through adopting an effective shareholder communications strategy, encouraging effective participation at general meetings and, through the Chairman, being the key interface between the Company and its shareholders.

2. BOARD STRUCTURE

2.1 Number of Directors

The Board has determined that, consistent with the size of the Company and its activities, the Board shall be comprised of three Directors, one of whom, is an executive.

The Board recognises that best practice occurs when the Board comprises a majority of non-executive directors. The Board continues to strive to meet the Principles of Good Corporate Governance and Best Practice Recommendations published by the ASX or other such principles and guidance as the Board may consider appropriate from time to time, however the Board also recognises that complying with the ASX Corporate Governance Council Recommendation 2.1 "A majority of the Board should be independent directors" is impractical given the size of the Company and the industry in which it operates. The Board instead aims to assess the independence of the Company's non-executive Directors on an ongoing basis requiring full disclosure where conflicts of interests arise.

2.2 Appointment of Directors

Directors are appointed under the terms of the Company's constitution. Appointments to the Board are based upon merit and against criteria that serves to maintain an appropriate balance of skills, expertise, and experience of the Board. The categories considered necessary for this purpose are a blend of accounting and finance, business, technical and administration skills.

2.3 Duration of Appointment

In the interest of ensuring a continual supply of new talent to the Board, all Directors with the exception of the Managing Director will serve for a period of three years before they are requested to stand down for re-election. A managing director may be appointed for any period and on any

terms the directors think fit and, subject to the terms of any agreement entered into, the Board may revoke any appointment.

3. THE ROLE OF INDIVIDUAL DIRECTORS

3.1 Expectations of Directors in Board Process

At the Company, it is expected that Directors shall, in good faith, behave in a manner that is consistent with generally accepted procedures for the conduct of meetings at all meetings of the Board.

Directors are expected to be forthright in Board meetings and have a duty to question, request information, raise any issue, and fully canvas all aspects of any issue confronting the Company, and cast their vote on any resolution according to their own judgment.

Outside the boardroom, however, Directors will support the letter and spirit of Board decisions in discussions with all stakeholders including any shareholders, special interest groups, customers, staff, suppliers and any other parties.

Directors will keep confidential all Board discussions and deliberations. Similarly, all confidential information received by a Director in the course of the exercise of the Director's duties remains the property of the Company and is not to be discussed outside the boardroom. It is improper to disclose it, or allow it to be disclosed, unless that disclosure without appropriate authorisation.
